Last month, the YAPC::Europe conference for 2008 took place in Copenhagen (<http://www.yapceurope2008.org/ye2008/>). ICDEVGROU member Stefan Hornburg was one of the speakers. His talk was "Interchange - The Open Source Online Shop Platform" (<http://www.yapceurope2008.org/ye2008/talk/1339>). The next upcoming event is the Twincity Perl Workshop on 7th and 8th November 2008, held in Vienna and Bratislava (<http://conferences.yapceurope.org/tcpw2008>). ICDEVGROU members Jure Kodzoman and Stefan Hornburg will visit this event in both cities. Stefan intends to talk about Interchange, a draft for the slides can be found here: <http://www.linuxia.de/talks/tcpw2008/>. In 2009 the German Perl Workshop will take place at Frankfurt, from 25th February to 27th February 2009 (<http://www.perl-workshop.de/en/2009/index.html>). The LinuxTag 2009 is scheduled for 24th to 27th June 2009 in Berlin (<http://www.linuxtag.org/>). The ICDEVGROU plans to apply for a free booth again. Finally, the YAPC::Europe conference in 2009 will be held in Lisbon. Other developers and users are encouraged to participate in one of these events, especially at the LinuxTag 2009. Please let us know if you want to visit one of these events.
