

Debian Lenny on HP Compaq 8510p

Stefan Hornburg (Racke)

2008-05-06

Wireless: Intel 4965

Drivers: iwl4965

The driver is installed automatically on Lenny, but you need the microcode image from <http://www.intellinuxwireless.org/?n=Downloads>. Download the tar archive `iwlwifi-4965-ucode-4.44.1.20.tgz`, unpack it and copy `iwlwifi-4965-1.ucode` to `/lib/firmware` directory.

Now you can reload the `iwl4965` module:

```
rmmod iwl4965
```

```
insmod iwl4965
```

Sound works using ALSA with the `snd_hda_intel` module.
